

Motorized drapery blinds system M100

- Motor drive device patent.
- Motor drive device in curtain system patent.
- Mechanical counter positioning device patent.
- Motorized curtains system mechanical positioning device patent.
- Compact aluminum track available for straight and curve curtains as well as folding canopy system.
- Quiet, synchronous ac motor.
- Stable mechanical limit system.
- Strong motor can pull curtains weighing up to 60kg with textile belt.
- AC motor, easy to install, easy to operate.
